Experience

Brigtherly Online Math Tutor

July 2025 – Present

AngatBuhay MIT Officer

October 2025 - November 2025

Education

Bachelor of Science in Computer Science

Cebu Institute of Technology - University, Cebu City

August 2023 – Present

- **Relevant Coursework:** Data Structures, Programming Fundamentals, Web Development, Android Development, 2D Game Development and Software Engineering Ethics

Technical Skills

- Programming Languages: C, Java, HTML, CSS, JavaScript, PHP
- Web Development: Database Driven Website
- Database: MySQL (table creation & management)
- Game Development: Java 2D Games using GUI, Threads, and Entity Systems
- Mobile Development: Android App development with AI integration
- Networking: Experience establishing peer-to-peer connections between devices

Soft Skills

- Effective communicator and team collaborator
- Organized and able to meet tight deadlines
- Strong client service orientation from project-based engagements
- Explain ideas and concepts comprehensively

Projects

- **Database-Driven Web Application**
Led the development and version control of a database-driven system designed for convenience store owners, featuring user-friendly interfaces and inventory management functionality.
- **PC Builder Mobile App**
Collaborated in building a mobile PC Builder application that integrates AI to recommend performance-optimized builds within a specified budget.
- **Java 2D Game Development**
Headed a team in developing a 2D pixel-style game using Java. Implemented a graphical user interface (GUI), multi-threaded rendering, and a custom entity management system for game logic
- **GODOT Multiplayer Platformer Game**
Implemented seamless and appealing complex movement mechanics for better UX involving movement mechanics, SFX and optimization.
